

## START IN: Developing Inclusive and Innovative Entrepreneurship Education in Europe

Project Number: 2017-1-TR01-KA201-046635

### What is the START IN project about?

The aim of START IN project is to stimulate the "social entrepreneurial mindset", developing capacities and abilities from early ages, laying the foundations for young social entrepreneurs to transform ideas into action in different social, cultural or economic contexts.

The project aims to design and develop a pedagogically advanced environment for boosting social innovation and social

entrepreneurial skills in young people within the education framework.

This will be materialized by means of didactic materials and cutting-edge ICT-based tools, like Apps and an on-line platform, allowing the generation of ad-hoc contents through a co-creation process between educators, students and stakeholders.

### The Kick Off Meeting of the Project

The kick-off meeting of the project took place in Valladolid, Spain, on the 21st and 22nd of November 2017.

During the meeting, The MPDNE team presented an overview of the project,

objectives, target group, outputs, timeline, etc.

The potential users of project outputs are school teachers and educators and the final

beneficiaries of the project are primary and secondary education students.

The objective of the project is to stimulate a "Social Entrepreneurial Mindset" in young students to enable and encourage them to transform ideas into action in different context (social, economic and cultural).

START IN aims to design and develop of a pedagogically advanced environment for boosting social innovation and social entrepreneurial skills in young people.

## Project Outputs

The project will develop the following Intellectual Outputs led by respective partners:

O1. European EQF-based curriculum on inclusive and innovative entrepreneurship education – DSEC, Greece.

O2. Training modules on inclusive and innovative entrepreneurship education – CIT, Ireland.

O3. START IN mobile instructional learning app – DANMAR, Poland.

O4. START IN multilingual e-learning platform – INFODEF, Spain. It would be a repository and a dissemination space.

O5. START IN Set of tailor made mobile app. MDPE, Turkey. 2<sup>nd</sup> piloting phase. Applying the reality of each context and address and solving the needs through developing their own contents.

O6. Guide for developing an inclusive and innovative entrepreneurship education model in Europe. JAMK, Finland.
